Markdown text

Nice formatting—including Pandoc's *Smart Punctuation* where one star is italics and not bold.

Resume entries

Title *Location*

Input here with '–'   *01–02 Jan 2025*

- Detail which uses an em-dash—lovely! **Bold** works but not with two stars. *Italics* also works but with underscores.

Title *Location*

Input here with '--' enclosed in quotes does not work   *01–02 Jan 2025*

- Detail which uses an em-dash—lovely! **Bold** works but not with two stars. *Italics* also works but with underscores.

YAML input still fails *Location*

Input here with '--'   `("01--02 Jan 2025",)`

- Detail which uses an em-dash---lovely! *Bold* works but not with **two stars**. _Italics_ also works but with underscores.
